Design. Trust. Performance.

GALAHAD WOOD

Silver Knight technology totally eliminates 99% of all known bacteria without the need for chemicals, making it the perfect flooring solution for the healthcare industry and ideal for educational institutions and other public buildings.

Unbeatable Hygiene and Cost Savings

The antimicrobial properties of silver have been known for more than 3000 years. Galahad antibacterial vinyl floor covering with silver knight technology reduces MRSA, VRE and E-coli by 99%, as well as C-Diff by 77% within 8 hours and continues to work 24/7.

The photo-catalytic surface containing (Silver and TiO₂) will oxidate all types of harmful bacteria, virus, fungus and even dirt - creating a safer healthcare environment.

- Greater infection control
- Lower risk of longer hospital stays
- Less associated costs, with hospital infections

Reduced Maintenance and Lifecycle Cost

- **Self Cleaning** – its photo-catalytic properties also make the Galahad range self-cleaning - preventing dirt from adhering to the surfaces. Water runs off in film rather than droplet form, and dirt washes away easily:
 - Significantly extending cleaning cycles
 - Reducing both personnel and detergent costs
 - Resulting in less wear and tear
- **Chemical, Stain and Abrasion Resistant** – uses a revolutionary TECHSurface technology that is 3 to 5 times stronger than conventional vinyl sheets.
 - Stain and chemical resistance for the lifetime of the product
 - No pattern degradation (exceeds 100,000 plus abrasion test cycles)

Less Environmental Impact

- **100% Recyclable**
- **Air purifying properties assist well-being**
- **Less detergents and longer life-cycle**
- **Phthalates Free**

Guarantee

This Galahad range is offered with a 10 year commercial wear guarantee. For full guarantee details please contact our sales office.

Product Specifications

Dimensions:

Total Thickness
2.0mm

Total Weight
2,600gm²

Width of Roll
2m

Length of Rolls
20m

Technical Data:

Wear Rating
EN 685/34/43

EN685/34

EN685/43

Fire Rating
EN 13501-1 / Bfl - s1
ASTM E 648/662 / class1 / pass

Slip Resistance
RRL Pendulum Test (wet) - > 36
DIN 51130 - R10

Light Fastness
EN ISO 105-B02 - Grade 6

Dimensional Stability
EN ISO 23999
Max - 0.2%

Residual Indentation
EN ISO 24343
0.1mm

Chemical Resistance
EN ISO 26987 / ASTM F925-02
Good Resistance

TECHSurface
PUR Al₂O₃

Antibacterial

Tough & durable

Flexible

Easy to clean

100% Recyclable
